WORK EXPERIENCE

tss consulting company, llc   2018 - PRESENT
Owner/Lead Developer

- Worked with small business owners who are looking to grow their digital footprint through websites (e-commerce, portfolio, marketing, etc), and other branding initiatives (e.g. logo design, business cards, one-page informational documents, etc).
- Assisted marketing agencies as a freelance senior developer to take on overflow of work and contribute to development team processes.
- Provided consultation to clients in the areas of technology for small business, tools they can use for effective digital integration, and how to think about their content to effectively reach their target audience.

abelsontaylor, inc.   2013 - 2021
Senior Interactive Developer

- Worked with digital producers and development leadership on requirements gathering and technical documentation for upcoming projects.
- Provided code reviews for peers to ensure code efficiency and group standards were being met.
- Built interactive visual aides for sales representatives in the healthcare marketing space.
- Built complex websites for healthcare products coming to, or that already existed in the market.
- Worked with interdisciplinary teams--project management, account management, art direction, UX design
